

A SENSATIONAL STORY OF LIEUT. GREENE'S DEATH

Suicide of Naval Officer Causes a Strange Recital.

CREW OF THE WARSHIP BLAME CAPTAIN FOR HIS DEATH

The Unfortunate Lieutenant Commander, Charged With a Slight Breach of Discipline, Fears His Fate at the Hands of an Alleged Vindictive Chief, Who Had a Record of Being Unduly Severe With His Subordinates—Corpse Taken Ashore Without Ceremony, Despite Department Rules—Mrs. Greene Very Ill at Vincennes, Ind.

The Chicago Chronicle prints a sensational article concerning the suicide of Lieutenant Commander Frances E. Greene, of the United States Navy. The article is certainly a remarkable one and can only "pass for what it is worth." The Chronicle's statement is as follows:

Washington, March 29—While the United States cruiser Montgomery was unloading from the dry dock at Buenos Ayres, Argentine Republic, Jan. 4 last Lieutenant Frances E. Greene, while performing his official duties on the bridge of the cruiser, was relieved of duty by Commander Merrell, who sent him to his stateroom under suspension to await the action of the Commander-in-Chief, Rear Admiral Schley, on the charge of being intoxicated on duty.

Following the customs and requirements of naval regulations Commander Merrell summoned all the officers of the cruiser into his cabin and directed them individually "to render a statement as to the condition they observed Lieutenant Commander Greene to be in at the time of his suspension." In complying some noticed nothing unusual about the accused executive officer, others that he acted strangely, while one, Lieutenant William P. White, navigator, and next in rank to Lieutenant Commander Greene, made a statement that "he appeared at the wardroom mess table between 6 and 7:30 p. m. in a maudlin condition."

When the Montgomery joined the flagship Chicago at Montevideo the matter was duly referred to the Commander-in-Chief. In the interval Lieutenant Commander Greene had made repeated appeals to Commander Merrell to reconsider his charge, but without avail.

Would See the Rear Admiral
Finding that his immediate commanding officer would not grant him any clemency, and having knowledge of the statement submitted by Lieutenant White, the accused officer asked permission to explain his case to the rear admiral, knowing that the commanding officer of the Montgomery had prejudged his condition and was using the present condition to get him out of the ship in favor of Lieutenant White, who would, by seniority of rank, become executive officer.

Commander Merrell denied the request to see Rear Admiral Schley, but on the evening of January 10, shortly after sundown, visited the flagship and held a conference with the chief of staff and presumably Rear Admiral Schley. On returning to the Montgomery at 9:30 p. m. Commander Merrell summoned the suspended officer into the cabin and informed him that "the rear admiral had refused to see him and that he would be recommended for trial before a general court-martial."

Lieutenant Commander Greene left Commander Merrell in his cabin and at 10:04 o'clock shot himself. Standing before the looking glass in his stateroom he placed a towel over the muzzle of a revolver, shot himself in the head, dying instantly.

No Respect Shown For Dead

"It is the custom in the United States navy," said an officer of the navy who is familiar with the incidents attendant to the burial of Lieutenant Greene, "that when an officer or enlisted man dies on board all drills and routine shall be omitted out of respect to the dead." On the morning of Jan. 11, while the remains of Lieutenant Commander Greene were in his stateroom, Lieutenant William P. White, who had succeeded to the duties of executive officer, held the usual drills and general quarters exercise in which the ship is cleared for action as though it were going into action hurriedly—one of the most noisy drills in the routine of the navy.

Funeral Lacking in Ceremony

It was found necessary to hoist the remains over the ship's side into the tug by means of a whip rigged into the rigging, during which Commander Merrell paced to and fro on the poop deck smoking a cigarette. There was no funeral ceremony, no marines paraded to present arms as the remains of the late executive officer left the ship, and no

bugle call, no courtesy, and not even the chirping of the boatswain's mate's whistle, and it was not until the flagship Chicago—five miles distant—lowered her colors to halfmast that the ensign on the Montgomery was hauled to a position of respect, and then the body was more than a mile from the ship.

The body was consigned to an undertaker's shop for the night, the sea being too rough to permit of the embarkation of an escort. On the following day when the funeral party came on shore from the Montgomery, those who had time to speak were exceedingly bitter in their denunciation of Commander Merrell and Lieutenant White as shown toward the dead officer, and as the incidents became public property in Montevideo it was pronounced "scandalous," "barbarous."

Dissatisfaction on the Ship

There is much dissatisfaction on the ship among both officers and men. According to the statements made by many of the crew, Lieutenant White was manifestly antagonistic toward the late Lieutenant Commander Greene. Immediately upon his succession to the duties of executive officer, by seniority of rank, on the death of Lieutenant Commander Greene, Lieutenant White is credited with countermanding all orders issued by his predecessor and openly expressing the hope, as also did Commander Merrell, that he, Lieutenant White, would become executive officer, and when Admiral Schley announced that an officer would be detailed for those duties both are reported as exhibiting much displeasure.

Startling Record Made Public

Since Commander Merrell has been in command of the cruiser Montgomery (April 1, 1899) there have been fifty-one desertions, 980 minor punishments, thirty summary courts martial, five general courts-martial, one death, one man murdered on shore, mutiny on board at Pernambuco, Brazil, September 25, 1899, in which it was necessary to call the marine guard under arms to subdue the men in the riot.

While serving as executive officer of the cruiser Baltimore, Commander Merrell had a mutiny of the same nature.

It is accepted that had Commander Merrell treated Lieutenant Commander Greene with proper consideration due him in his official capacity as executive officer, consulting him in matters appertaining to the ship and crew rather than the navigator, Lieutenant White, and refusing him permission to see the rear admiral when he begged to do so the suicide would not have occurred.

Mrs. Greene Is Very Ill

Vincennes, Ind., March 30—Mrs. Francis E. Greene, widow of the late Lieutenant Commander of the United States cruiser Montgomery, is now a resident of this city. Mrs. Greene says that she has not received any statement from the navy department covering the board's findings in regard to her husband's suicide. Mrs. Greene is very ill at present.

The Funeral Will Be Held Next Sunday Afternoon—Congressmen and Senators Send Condolence—All State Officers Will Attend the Funeral—His Surviving Relatives.

Flags are flying at half mast, and citizens gather and talk of Mr. Sawyer and of the loss the city and state sustained in his death. Business men, politicians and every other friend of the deceased statesman speak of him in words of admiration and highest esteem. There are tears in the eyes of those who knew him best as they mentioned the great loss sustained by this city, the state and the nation in his death. His bitterest political opponents had nothing but expressions of respect and esteem for him.

Funeral Sunday Afternoon.

The funeral will be held Sunday afternoon at 2:30 o'clock. The body will be placed in the Sawyer vault, which now contains the remains of Mrs. Sawyer and other members of the family who have passed away. The dead statesman was thirty-second degree mason, and a member of the Odd Fellows, these two organizations being the only one he belonged to.

Congressman J. H. Davidson has telegraphed that he will arrive in the city from Washington in time for the funeral of ex-Senator Sawyer.

His Surviving Relatives

Of relatives who survive Mr. Sawyer there are not many. He has a half-sister living in Iowa.

Sawyer, the only son, at Oshkosh.

NEW RECORD MADE BY A SPECIAL TRAIN

Vice President of the Carnegie Steel Company Hurries to a Special Meeting.

Chicago, March 30—Transcontinental records from the Pacific coast to Chicago were broken in a race against time by a special train bearing A. R. Peacock, vice president of the Carnegie Steel Co., who reached the city at 10 o'clock last night over the Santa Fe line from Los Angeles, Cal. The 2,265 miles were covered in 59:37:00. The special train cost Mr. Peacock \$3,500, at the rate of about \$1.50 a mile.

Officers of the Santa Fe company were enthusiastic over the fast run which they said beat all other fast transcontinental trips. The time made was seven and one-half hours faster than the regular California limited of this company, beat the famous Nellie Bly special that caused so much comment in 1899, and was several hours faster than the Cheney special run over the same road a number of years ago.

The special was made up of a baggage car, a Pullman sleeper and a private car. On the run engines were changed fifteen times.

QUESTION HIGHER THAN PARTY POLICY

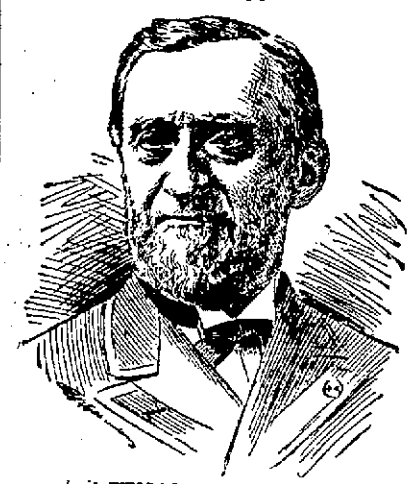

Senator Proctor Will Not Support Tariff in Porto Rico Bill.

HE IS FOR FREE TRADE

Senator Beveridge's Speech on the Bill Yesterday Created Great Consternation.

Republican Tariff Senators Either Left the Senate Chamber or Paid No Attention to the Address—This Action is Resented in Indiana and Will Make Beveridge Popular in That State—Division of the Philippines.

Washington, March 30—[Special Telegram]—Senator Proctor addressed the senate today on the Porto Rican bill. He said the outline for civil government for the island contained in the bill reported by Foraker met his approval, but he regretted the provision for the tariff, which compelled him to vote against an excellent governmental feature. The plea for party harmony appealed to him

SENATOR PROCTOR.

strongly, but this was a question higher than party or policy.

The speech of Senator Beveridge on the Porto Rican tariff bill created consternation in the senate yesterday afternoon. It was a ringing protest against the combine for a tariff with that island. When Senator Beveridge arose to speak most of the other Republican senators either left the chamber or retired to the sofas around the walls, so his audience was largely composed of Democratic members of the body.

Recent Snub to Beveridge.

Indianapolis, Ind., March 30—Mr. Beveridge's speech and the flagrant snub that it received from his republican colleagues by their concerted refusal to listen to his arguments caused much comment here. A dispatch from

SENATOR BEVERIDGE.

Danville, N. Y., where Mrs. Beveridge lies ill, says she is somewhat improved and that there is now hope for her recovery. With the senator at her bedside and the administration faction snubbing him for standing by his convictions, his friends here see a situation that excites sympathy, and they are loud in their expression of indignation.

The tribesmen who opposed the French, reported a loss of six hundred killed, one thousand wounded, and six hundred captured. The French force lost ten killed and a number wounded.

The occupation of Oasis is another successful step in the French domination of northwestern Africa.

She said Weindol declared he would kill her if she did not poison the family. The Weindols are divorced. The Foster woman has been in the employ of the family for but a week, and it is believed that she was sent there to commit the deed.

SALE OF LIQUOR IN

THE PHILIPPINES

Gen. Otis Cables That He Has Sent a Full Report to Washington By Mail.

Washington, March 30—Gen. Otis has cabled the secretary of war that he has forwarded by mail a comprehensive reply to a resolution of inquiry offered in the senate by Mr. Pettigrew concerning the importation and sale of liquor in the Philippines and the charges of drunkenness among the soldiers.

Gen. Otis explains that the report is too long and elaborate to send by cable. He gives the number of arrests among the soldiers for drunkenness and disorderly conduct, and the number of courts-martial growing out of the use of intoxicating liquors, so that the comparison may be made as to the morals of the troops when they first went to the Philippines and now.

VALUABLE CARGO

FOR THE SUMMER

Will Sail For Manila With 1000 Recruits and \$4,000,000 in Gold and Supplies.

Washington, March 30—The transport Sumner, which the secretary of war and the heads of bureaus of the war department are inspecting at New York today will soon sail for Manila with the most valuable cargo ever shipped by the government of the United States to any part of the world. It carries 1,000 men, mostly recruits to fill vacancies in the regular regiments caused by the expiration of enlistments, about \$1,500,000 in gold to pay the troops, and about \$2,500,000 worth of supplies furnished by the quartermaster, commissary and medical departments. The Sumner has just been remodeled and fitted up on plans designed by Col. Ballinger of the quartermaster's department, and it is believed to be the finest military transport in the world.

SPION KOP HORRORS WERE SUPPRESSED

BRITISH LOSS GREAT

Boer and British Troops Concentrating 15 Miles North of Bloemfontein.

Next Battle Likely to Be at Glen—Expect a Fight Soon—Burghers Said to Be Hurrying Up a Strong Force Southward From the Vaal River—Roberts Taking His Time—English Press Denounces Delagoa Award.

New York, March 30—[Special Telegram]—An accurate account of the battle of Spion Kop was given to the World newspaper this morning by Robert Hillegas. The matter was brought to New York by Webster Davis. The story tells of horrors suppressed by the British.

The Boers actually engaged in that battle numbered only three hundred and fifty, says Hillegas. The British force was two thousand strong. The British lost six hundred and fifty dead on the hill top, and one hundred and fifty on the eastern slope.

The Boers captured two hundred prisoners and lost fifty killed and twenty-three wounded. Six British soldiers were found decapitated on the captured positions. Some of the British dead were left eight days on the battle field and the Boers had to bury them.

Boers Moving Southward

London, March 30—[Special Cablegram]—Dispatches from Bloemfontein show that the Boers are now moving southward from Kroonstad is considerable force. The reports are that the Boers are moving to attack Roberts in order to retake Bloemfontein. It is probably only a wild guess and is not in line with Boer customs. Olivier's rear guard is still at Ladybrand, fortified in the surrounding hills.

General Brabant has retired from Rouxville and gone back to Alwal North to the Orange river. Trains are now running from Bloemfontein to Cape Town.

President Kruger's Boast

London, March 30—The Bloemfontein correspondent of the Morning Post, telegraphing Wednesday, says: "President Kruger boasts his intention to retake Bloemfontein within a week and it appears probable that the Boers are advancing in force southward."

Next Clash at Glen

London, March 30—The next clash between Boer and British arms is likely to take place in the vicinity of Glen, a small hamlet, fifteen miles north of Bloemfontein. Ten thousand British troops already occupy the place, and Lord Roberts is hurrying up reinforcements, so that by this time fully 20,000 British troops of all arms are concentrated near Glen.

Military critics have not believed that serious operations are to be expected at Glen, but the developments since yesterday afternoon have shaken their belief and some now admit that the Boers will resist Lord Roberts' advance long before he reaches Kroonstad.

A Chronicle message from Bloemfontein dated Wednesday says the Boers are active north of Glen, and that the enemy's troops are reported to be concentrating in considerable force. Reinforcements of all arms are being sent from Bloemfontein, including the Seventh Division and a portion of French's cavalry division.

Denounce Delagoa Award.

London, March 30—[Special Cablegram]—There is much bitter comment in the London press against the Delagoa Bay award. The general opinion is that England and the United States have been robbed fifty per cent of the money due. The papers print outbursts because England ever consented to arbitration, and predict that this is a death blow to the arbitration policy.

Banquet Given by the Royal Neighbors on Monday Night—Village Treasury Has a Balance on Hand—Endorse Mr. Whitehead—Clinton News and Notes.

Clinton, March 30—Soldiers, it appears, have seen active duty in the Philippines. Mrs. M. A. Colby has just received a letter from her son, Charles A. Colby, who is stationed with the army on an island forty miles off the coast of Luzon. Colby writes that he was slightly hurt in a skirmish, and that Northway, who is also from Clinton, had a finger nail shot off in the same encounter. The rebels lost in this skirmish three men killed and sixteen wounded. Colby likes the country and climate but abhors the natives, who are a filthy race. He and Williams, another young fellow from this vicinity, spent a short time in a hospital recently, being down with fever. He thinks the regiment may be home in time to vote next fall.

The funeral services over the remains of Cyrus Griswold were held at his late home on Monday afternoon and were in charge of the Masonic order of this village. Rev. W. P. Leek of Green Bay, delivered the discourse.

One hundred and twenty-five persons were in attendance at the banquet given by the Royal Neighbors at the Woodmen hall on Monday evening of this week. All report a fine time. The refreshments, which were provided in abundance, consisted of eighteen cakes, furnished by the ladies and seven gallons of ice cream supplied by the men. The committee of three who served the supper was Robert McGregor, Otis Noble and Frank Rader. A short program was given in which Mrs. O. C. Noble gave a few recitations and Miss Maude Ames, Mrs. Hettie Merrill and Mrs. W. S. Montgomery furnished music. Mrs. Botzer read a history of the society.

The Rev. Morrill Twiss of Chicago, appeared at the Baptist church Tuesday evening, giving a concert and lecture. The attendance was fairly good.

The annual village report published in the "Herald" shows that the total amount received by treasurer A. W. Strang for the year ending March 26th, and including a balance on hand a year ago of \$1,785.24, was \$11,551.16. The expense of the water works for the year were \$2,914.05. The balance in the village treasury is \$1,547.80. The amount of unpaid taxes in the village is \$268.

Those who are personally acquainted with John M. Whitehead are not surprised that his name should be suggested for the head of the republican state ticket. Men of his character are not politicians. A benefit visit for the Rev. Thomas J. Parsons will be held at the Baptist church, Thursday evening, April 5, to which everybody is cordially invited.

A missionary tea is to be held at the Baptist parsonage on the evening of March 12, to which all are cordially invited.

PURCHASE COATS FOR MILITIA BOYS

Members of the Local Company Will
Soon be Fitted Out With Over-
coats of Superior Quality.

Members of the Janesville military company will soon be provided by the state of Wisconsin with new regulation army overcoats. At Madison yesterday Gen. Albert Soliday, quartermaster general of the state, let a contract to James H. Hirsch & Co. of Chicago for 1,000 regulation army overcoats for the National Guard of Wisconsin. The price for each coat was \$9.35, which was about \$5 less than the bid of any Wisconsin firm or company.

There were eight bidders. The coats are to be delivered at Camp Douglas on or before July 25. During the Spanish-American war the state sold a large number of its coats to the government and today's contract will completely supply the present deficiency. The new coats will be of superior quality and make. The cloth used will be Slater's standard 22 ounce light blue kersey and the lining 12 ounce flannel. Each bidder submitted a finished coat as a sample.

AMUSEMENT NOTES.

Miss Olive Thorne, whose previous remarkable success in opera won for her the title of "America's Lyric Queen," is now appearing with the Broadway Opera company in DeKoven & Smith's charming comic opera "The Highwayman," which comes to the Myers Grand tonight. With the retirement of Lillian Russell from the operatic field and the desertion to vaudeville ranks of Camille D'Arville and Pauline Hall, there remains but two female exponents of this most excellent style of entertainment, viz: Miss Alice Neilson and Miss Thorne, and it is not surprising that both of these clever artists are enjoying most liberal support from the music loving public. The role in "The Highwayman" affords Miss Thorne greater opportunity to display her talents than have any of her former roles, and she has taken full advantage of this opportunity like a true artist, lending to her characterization of the role of Lady Constance a naturalness that is quite irresistible.

The minstrel show at the Grand last night was good in spots. The contortionist and some of the dancers and singers were fairly amusing and interesting, but as for the rest not much can be said in commendation. There was a big crowd of the colored people, but if they formed a little more quality and less quantity it would have been appreciated. This applies to the singing particularly. The hyphenated, four legged, double decked combination made a lot of noise, but there were very few artists among them. However, there are others who are worse.

Disagreeable weather prevented many from attending, but about thirty couple were present. Prof. Tuckwood's orchestra presided, and a general all around good time prevailed until a late hour.

SAVED BY A STRAND OF WIRE.

Terrible All Night's Experience of a St. Louis Man.

St. Louis, Mo., March 30.—James Johnson was rescued from a perilous position by firemen Thursday morning after hours of terrible and dangerous suspense. He had hung by the heel from death at the bottom of a quarry, 150 feet below, by a strand of barbed wire, which caught him as he pitched forward down the cliff of a quarry. There he hung through all the night. This morning the quarrymen discovered the body, head down, away up in the air above. Thinking that he was a dummy figure that some boys had pitched over as a joke, they paid little attention for a time. Ultimately a hook and ladder company hurried to the scene. A ladder was run up and a fireman quickly mounted. He fastened a rope that had been lowered from above around the waist of Johnson, who was hauled up unconscious.

Mother Sees Her Children Burned.
Providence, R. I., March 30.—Three children were burned to death in a fire which destroyed the farmhouse of John Brassill, in East Providence Thursday night. The mother succeeded in rescuing one, an infant, from its burning cradle, but the babe lived only a few hours. The other little victims perished while the mother vainly strove to penetrate the wall of fire that beat her off.

Jilted Girl Becomes Insane.
Chicago, March 30.—A tale of unrequited love which began in the farm lands of Norway and ended amid the tenements of Chicago, was unfolded to Judge Jones and a jury in the insane court Thursday morning. Four years ago Ole Olistark, the son of a wealthy farmer in Norway, promised to marry Hilda Tilstedt. He came to America and soon forgot the girl. When she did not hear from him for a long time Hilda followed him to Chicago. Ole was found, and he professed that he loved Hilda as much as ever, but as time went on he became less attentive, so Hilda became insane and has been sent to Kankakee.

It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of the doctor. An Albany, (N. Y.) dairyman called at a drug store there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in the left word for him to come at once on his return. He also bought a bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come as the child was much better. The druggist, Mr. Otto Sholz, says the family has since recommended Chamberlain's Cough Remedy to their neighbors and friends until he has a constant demand for it from that part of the country. For sale by Smith's Pharmacy next to postoffice, kodak agents.

TO TAX PUERTO RICO COFFEE

Senate Adopts an Amendment to the Puerto Rico Bill.

Washington, March 30.—The senate on Thursday adopted the amendment to the Puerto Rican bill imposing a tariff of 5 cents a pound on all coffee imported into the island and defeated an amendment to strike out the clause levying a tax of 15 per cent of the Dingley rates on all imports from Puerto Rico. The vote on the coffee amendment was 18 to 32, and the vote on the motion to strike out the tariff section was 18 to 33. Senator Wellington was the only republican who voted for it. None of the other republican senators who have declared their hostility to the tariff were recorded as voting. They let their general pairs stand, and in that way were counted against the motion. However, it is not regarded as a test vote.

Senator Beveridge's speech in the senate Thursday was a disappointment to those republicans with whom he has been acting. He declared his purpose to vote in favor of the free-trade amendment, but agree to vote for the bill. The senator was eloquent, as usual, but few senators listened to his speech. There seemed to be a disposition to discipline the young senator by vacating the seats and subjecting him to the "senatorial frost," which is considered enough to wilt the enthusiasm of a member who ignores senatorial traditions.

There was more comment on the remarkable letter of Speaker Henderson published Thursday than any incident in the senate. The speaker's reference to the "cowards of the senate," and the sentence, "The senate is always the body upon which the great interests concentrate their efforts to defeat proper legislation," made some senators indignant.

Caving Mine Causes Earthquake.
Shenandoah, Pa., March 30.—Nearly all the residents in the northwestern section of this town were awakened about 3 o'clock Thursday morning by jarring of their houses and the falling of plaster. The occupants—mostly miners and their families—fled in terror. Many of the women fainted. The disturbance was caused by the caving in of a part of the old workings of the mammoth vein of the Kehley run colliery.

It is certainly a medicine of great merit and worth.—D. S. Mearkle, General Merchant and Farmer, Mattie, Bradford county, Pa. For sale by Smith's pharmacy, next to postoffice, kodak agents.

Portugal Must Pay \$3,062,800.

HOW TO LIVE LONG

Is the subject of a poem written by the philosophical Pope Leo XIII, who has attained more years than his allotted three score and ten, in which he advises

"Thy meats be delicate and dairy fed,
Tender nor highly spiced thy food."

That is the kind of meats we serve at all times, "delicate, dairy fed, tender beef, lamb, pork, mutton, veal—nutritious, delicious and tempting. Our wagons will call daily for your order."

THIS DAY IN HISTORY.

1865-The treaty of Paris ended the Crimean war. The principal clauses were the evacuation of conquered territory, the neutralization of the Black sea and the admission of Turkey to the system of Europe.

1865-The United States steam transport General Lyon was burning on the river in Wilmington, N. C., to Fort Mifflin, and nearly 500 lives were lost. The disaster occurred off Hatteras. Over 400 soldiers perished, among them 11 officers and 195 men belonging to the Fifty-sixth Illinois.

1870-Fifteenth amendment to the United States constitution. Section 1 is as follows: The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any state on account of race, color or previous condition of servitude. This with the thirteenth and fourteenth amendments completed the enfranchisement of the negro.

1886-Ex-Governor Thomas S. Gray of Alabama died at Greensboro. Rabbi Aaron Wise died in New York city; born 1844.

DEATH OF MR. SAWYER.

In the death of Hon. Philetus Sawyer, of Oshkosh, Wisconsin loses her "grand old man." Ex-Senator Sawyer has had that title by common consent for many years, and no man in the state was more widely or more favorably known. His immense wealth was freely used for the public good, his charities being many and liberal. In a good many ways, Senator Sawyer was a remarkable man. His business capacity was unlimited and his shrewdness proverbial. In him the republican party always found a staunch and liberal supporter. His death will cause a widespread sorrow. The history of his long and well spent life is fresh in the public mind, and need not be referred to here, but in his private and business career, honesty, fidelity, energy and kindness were always distinguishing characteristics. The name of Philetus Sawyer will be added to the list of the men who have served Wisconsin and her people faithfully and well, and his memory will be kept green in the years to come.

Madison State Journal-Janesville is discussing the question whether a gentleman should lift his hat in the elevator of a business block no less than in a hotel elevator. Why not leave it to Fond du Lac which apparently has no elevators of any kind and out approach the matter dispassionately?

Two men who have been keeping a lumber camp in venison all winter have been arrested for violating the game law. Northern Wisconsin papers will probably recognize in this proceeding a "scare head story" of an unusual character.

Lawyer Dill got a fee of \$1,000,000 for settling the differences between Carnegie and Frick, regardless of the fact that a pair of boxing gloves could have been bought for \$2.

And now a Bloomington, Ill., paper proposes to get out an edition as "Satan would do." Better quit all this folderol, boys, and try to get out a paper as a "newspaperman would do."

The Watertown Republican gives Senator Whitehead a strong endorsement. The Republican is a leading Jefferson county paper, and its opinions carry weight.

It is much less trouble to vote the straight ticket, Mr. Voter. Do not "split it," but make one cross at the top of the republican column.

The next innovation, perhaps, will be for some doctor to set legs "as a blacksmith would do."

No paper that spells it "Puerto" should make a complaint about the un-American tariff.

Many banks are taking advantage of the new law, and becoming national banks. Among them are institutions at

Medford, Richland Center, Kaukauna, Durand, Marshfield, Oconomowoc, Brodhead, Oconto, Rice Lake and New London.

Brave General Joubert is dead, but his fame is everlasting.

Betting never won an election. The votes alone count.

EXPECTS TO LIVE ONE HUNDRED YEARS

GIVING AWAY MONEY FREELY TENDS TO LONGEVITY.

Don't Abuse Your Stomach—Great Benefactor of Education, Now Nearly 80, Says Men Dig Grave With Their Teeth—Dr. Parson Tells How to Live Long.

Chicago, March 30—Dr. D. K. Pearson, who delights in signing \$50,000 checks as gifts to struggling western colleges, ate dinner at 1 o'clock yesterday afternoon in his Hinsdale home. Then he took a nap. When he woke up he said he felt "bright as a button," and told the way to live to be 100 years old. And he was one day nearer to his eightieth birthday which comes a week from tomorrow.

Moreover, he proposes to go on with his naps and his plan of eating until he goes to the grave, and he says he don't want to fill his a hundred years old.

Graves Dig With Men's Teeth.

"Most men dig their graves with their teeth," he said. "My stomach is my friend and I'm happier than any other man on earth. Old age depends upon heredity, common sense and a good stomach. There are a lot of fellows down town who tell me they want to live a short life and a merry one. I want to live a long life and a jolly one in my own way. Some men like their clubs and society. That's all right. I don't belong to a club and they couldn't hire me to wear a swallow tailed coat."

"A lot of men have a fine time with midnight banqueting and speechmaking. Let them go. I've got a room up here on the hill, 200 feet above Chicago, with the windows open at the bottom, and it's as good as a picnic to me to go to bed there at 8 o'clock every night. The trouble with most persons is that they're eating themselves to death."

Money to Give Away.

"I've got a lot of money that I earned in this western wilderness years ago, and I don't want to die until I have given it back to the west. There are a lot of places out there where the young fellows need colleges and schools, and I'm fixing them up as fast as I can. This giving away of money is great fun, it's exhilarating. Besides, its worth all the big celebrations on earth to wake up from a nap feeling as spry as a kitten."

When Dr. Pearson was asked how a man could live to be a hundred years old, he said: "Clock work, clock work, all the year round."

Keep Cool and Live Long.

He says for the man who wants to live to a ripe old age, to keep cool, don't overload the stomach, breathe pure air and lots of it, eat a vegetable diet, don't eat late suppers, go to bed early, don't fret, don't go where you'll get excited, and don't forget to take a nap after dinner.

"When I came out to Hinsdale to live fourteen years ago," he said, "my friends told me I wouldn't live five years. See these trees out there. I've got 200 Norway pines around this house on the hill, and I'm 200 feet above Chicago. Pure air. The pines help to make it so. I sleep in a room up-stairs, that has seven windows. There are seven open fire places in this house. I keep the windows open—and at the bottom, too."

Loves the Beloit Boys.

"Then when 8 o'clock comes I get under a pile of comforts and sleep like a baby. At 6 in the morning I wake up and jump out of bed. I don't drink tea or coffee. They excite the heart. Mrs. Pearson and I eat practically no meat at all. A vegetable and a fruit diet will help a man to remain young."

"Going out at nights I have ceased doing entirely. Oh, once in a very great while I break the rule. I went over to the concert of the Beloit musical clubs the other evening. But, you know, the Beloit boys and I are great friends."

"There's lots in this keeping cool habit for men who want to live a hundred years. Its the worst thing in the world to get angry or cross."

Heart Disease

weakens the stomach, deranges digestion, pollutes the blood, destroys the nervous forces and saps the vitality of the whole system. It causes pain in the left side, palpitation, shortness of breath, sinking spells, and frequently ends all suffering in sudden death. Dr. Miles' Heart Cure is the only successful remedy for diseased hearts that has ever been offered to the public.

"It was impossible for me to lie down to sleep for smothering sensations. The pulsations of my heart were very irregular, sometimes seeming to stop beating and at other times palpitating so hard it could be heard in the room. One bottle of Dr. Miles' Heart Cure brought relief and after using it for a few months the heart trouble was all gone." E. M. INSLY, Hillsboro, O.

MRS. H. J. BENNETT DIED THIS MORNING

RESIDED IN JANESVILLE FOR
MANY YEARS.

One of the Early Settlers of Rock County—Mrs. Henry Meyer Died This Morning at Her Home on Locust Street—Was Fifty-Eight Years Old and Well Known.

Mrs. Hannah J. Bennett died this morning at 6:30 o'clock at her home, 158 Linn street. During the past four weeks she had been in poor health, and relatives and friends feared that on account of her advanced years her chances for recovery were not strong. This week her condition took a sudden turn for the worse, and out-of-town relatives were summoned, and this morning, Mrs. Bennett died, surrounded by relatives and friends. Deceased was one of the early settlers of Janesville, and prior to her removal into the city resided on a farm seven miles from town. She was a true woman in all that the word implies. She leaves two sons and one daughter: Dr. E. L. Graves, Chicago; William H. Graves, Janesville; and Mrs. J. P. Stinson, Chicago.

Mrs. Bennett was born March 3, 1819, in Montgomery county, New York, and was the only surviving child of a family of ten children. She was married to N. L. Graves October 11, 1841, at Marshall, Michigan, and in March, 1842, came to Wisconsin, settling on the farm of David Kelly near Indian Ford. Since January 12, 1859, Mrs. Bennett made Janesville her home. She was married to N. E. Bennett May 15, 1875. Her husband died in 1896. Notice of funeral later.

Mrs. Henry Meyer, Mrs. Henry Meyer died at 9:20 o'clock this morning at her home, 260 Locust street. Mrs. Meyer has been ill three months and was fifty-eight years of age. She has resided in Janesville for the past ten years and was a woman respected by all who knew her. Besides a husband, Mrs. Meyer leaves two sons—Sebricht Meyer, Hannibal, Missouri, and R. Meyer, Janesville. Miss Annie Meyer of this city is an only daughter. Funeral services will be held Monday 1:30 o'clock from the home and at 2:00 o'clock from St. Patrick's church.

PRaises SENATOR WHITEHEAD

F. M. MARZLUFF Writes a Letter Concerning the Janesville Candidate. Janesville, Wis., March 29, 1900—Editor Gazette:—In your issue of Thursday, March 22, you suggest the name of John M. Whitehead as a candidate for governor of Wisconsin. Now that we have the opinion of the press throughout the state, which is indeed very flattering, it would seem to me that his friends and neighbors should do all they honorably can to nominate this man.

Who is this man, Whitehead, as his friends and neighbors know him? Is he capable? Yes. His honesty is not questioned; his character is second to none; he is a Christian man, and we are proud of him. We positively know he would not give ear to corruption. We know that no man can question his sincerity. These being facts, we know we have in Mr. Whitehead, a man of highest character and ability. We do not claim infallibility or anything unnatural for him; but we do claim in him, we have a candidate who is entitled, as a republican, to the support of the republican convention. We have in Mr. Whitehead, a citizen who demands and holds the respect of his fellow citizens. It would seem to me, under these conditions, that we have a perfect right to present the name of John M. Whitehead.

If I am rightfully informed Rock county has not had a man at the head of the state ticket since 1862. For that reason, it would seem to me that we are now entitled to that place. Considering all these things, it is only natural that the republicans of Rock county, as well as of the First Congressional district, should be more than pleased and ready to support the nomination of Mr. Whitehead for this honored position. If he should succeed, I am sure his friends and the republicans at large will never be disappointed in the record he will make for himself.

I sincerely hope that the republicans in the county, in the district and in the state, will do all in their power to place Mr. Whitehead's name at the head of the state ticket for the coming election.

F. M. MARZLUFF.

SHOPIERE.

Shopiere, March 30.—At the republican caucus held at the town hall in the town of Turtle on Thursday, March 29, the nominations for town officers were as follows: Chairman, C. H. Weirick; supervisors, John Walker and Fred Hahn; clerk, Bert Sweet; assessor, W. W. Swingle; treasurer, G. L. Zickert; delegates to county convention, G. H. Crosby, Dr. Manley, W. W. Swingle, C. H. Weirick, A. D. Parker, E. D. McArthur. Wm. Truesdell went to Chicago the past week on business. The Howards paid good prices for stock this week and shipped five car loads of sheep and hogs. Miss Edith and Alice Smith will visit relatives in Clinton, Iowa, next week.

Best Sugar Plant to Open. Menomonie Falls, Wis., March 30.—It is now definitely decided that the local best sugar plant will be operated this year. Steps have been taken to secure acreage and to put the plant in order. The latter will be enlarged to 400 tons daily capacity. Richard Wagner of Milwaukee and P. W. Whittaker of this place will be in charge of the concern.

MAY END MACHINISTS' STRIKE.

Board of Arbitration to Adjust Difficulties—8,500 Men Affected.

Chicago, March 30.—Striking machinists in the United States may return to work Monday pending a settlement of the strike by a board of arbitration. The arbitrators will probably be decided upon today and a date fixed for the sessions to begin, but even before the board meets an order may go out which will again set the men to work. The board of arbitration will consist of President O'Connell of the International Association of Machinists and President Seldon of the National Metal Workers' association, each of whom will select two others from their respective associations, the board to have full power to act in settling existing difficulties. The sessions of the board will be in Chicago. It is estimated that there are 8,500 machinists now out who will be affected by the decision—Chicago, 5,000; Columbus, Ohio, 500; Cleveland, Ohio, 2,000; Patterson, N. J., 500; Philadelphia, Pa., 500.

CUDAHY SELLING PORK.

Advances \$1 a Barrel in Two Days, Retaining Most of It.

Chicago, March 30.—Provisions had the big trade and at times the greatest excitement prevailed on "change" Thursday. It was an exceedingly erratic market, that kept the best of operators guessing as to what the next turn would be. Pork has advanced \$1 in two days, jumping 50 cents a day. Since the advance started prices are up \$3.50 a barrel. Packers were conspicuous on both sides, and so were outsiders, the former doing the most trading. The latter, however, are trading with good judgment and have been for three months. They are taking profits on all good bulges and buying on the weak spots, and have made a lot of money.

TURKEY BARS AMERICAN PORK.

Washington, March 30.—The state department has advised from Mr. Griscom, the charge d'affaires of the United States at Constantinople, reporting that the Turkish government had issued a decree prohibiting the importation of American pork products into the sultan's possessions. This act of Turkey may serve to make the United States adopt more radical measures to secure the payment by the sultan of the \$100,000 indemnity demanded of him for the outrages on American missionary interests in Armenia. Under the Dingley tariff law the president has authority to retaliate against Turkey for its exclusion of American products.

KATHERINE REED A LAWYER.

Daughter of Ex-Speaker Graduates at New York University.

New York, March 30.—Miss Katherine Reed, daughter of ex-Speaker Thomas B. Reed, was graduated Thursday night with forty-seven other young women, all wearing gowns, mortarboards and big bouquets of violets. All are members of the women's law class of the New York university, and received their certificates from Chancellor Macraeken at the commencement of exercises held in Madison Square Garden concert hall. Thirteen of the graduates are already married. Two were doctors of medicine before they became lawyers. Two are bachelors of arts, and one is a bachelor of literature. Miss Helen Gould sat among the alumni on the stage also in cap and gown.

Havana, March 30.—The first visit of the stork to the palace, so far as known, brought an American girl—daughter of Gov.-Gen. and Mrs. Leonard Wood, born Thursday morning. Major Laine, surgeon of the division, is attending Mrs. Wood and the child, and both are doing well.

MILWAUKEE ROAD OFFICIALS HERE

ARRIVE IN PRIVATE CAR THIS MORNING.

General Manager H. R. Williams and a Party of Five Visited the Scene of New Surveyed Territory—Were Well Supplied With Maps and Papers—Made Close Inspection of City.

General Manager H. R. Williams of the Chicago, Milwaukee & St. Paul railroad arrived in the city this morning from Milwaukee in his private car. He was accompanied by a half dozen high officials of the Milwaukee road. After the side tracking of their private car the officials ordered a three seated carriage from Ryan's livery. At 10 o'clock they were driven over a portion of the new surveyed ground over which road surveyors have been working during the past two weeks. This surveyed territory is in the town of La Prairie entering the city of Janesville over the Paul farm near the corner of Eastern avenue and the Beloit road. The officials here today are well supplied with maps giving an outline where the new line is to run. After a drive in the country the officials were driven about the city.

BAD COUNTRY ROADS HINDERED PARR

Town of Bradford Resident Failed to Appear in Court This Morning When Case Was Called.

When the case of the State of Wisconsin against Frank Parr was called in the municipal court this morning the defendant failed to appear and the case was adjourned by consent. The defendant is charged with having sold mortgaged property and the supposition is that he failed to appear this morning on account of the bad condition of the country roads. Parr resides ten miles from this city in the town of Bradford. District Attorney W. A. Jackson represented the state and M. O. Mount the defendant.

A. E. Shumway, the local real estate agent has a mortgage on the property in question and is the complaining witness. Parr gave bail in the sum of \$100.

Medical Examiners Will Meet.

ALL FREE STATERS ESCAPE.

Successful Retirement of Their
Commandos Admitted.

APPROACHING BOBS' CAMP.

Dutch Forces Are Concentrating Near
Glen—Burghers in Other Districts
Make Ready to Take Offensive—Many
Towns Captured.

London, March 30.—The successful retirement of Dutch commandos of considerable strength from the Orange river to the northern reach of the Free State is now claimed by the Boer authorities at Pretoria and conceded by the British staff. It was not considered possible that these Dutch forces could escape capture when Bloemfontein was occupied. Their retreat has been a remarkable achievement, which reflects great credit on the Dutch commander, since his forces were beset on all sides by British in superior strength. With this re-enforcement the Boer army will be enabled to make a strong stand on the northern ridges of the Free State.

Gen. Buller would have been severely criticised if the Boers had slipped through his lines under similar circumstances, but no military writer has a word of censure for Gen. Roberts for his failure to intercept the retreat of a body of 6,000 burghers. But Boers can do no wrong, whether in eyes of private or military experts.

The Boers are active north of Glen, and it is reported that they are concentrating in considerable force. Re-enforcements of all arms are being sent up from Bloemfontein. Including the Seventh division and a portion of Gen. French's cavalry.

The Johannesburg mounted police are still raiding cattle and harassing the disarmed burghers who are returning to their farms.

From Pretoria come advices that President Kruger boasts his intention to retake Bloemfontein within a week, and it appears probable that the Boers are advancing in force southward.

FAUERESMITH HAS BEEN TAKEN.

Clements Finds Guns and Much Ammunition Buried.

London, March 30.—The war office has received the following dispatch from Lord Roberts, dated Bloemfontein, March 28: "General Clements occupied Fauresmith to-day without opposition. One nine-pounder and one Martini-Maxim were discovered in a prospecting shaft of a mine, where a large quantity of ammunition was buried. Arms are being surrendered gradually, and the inhabitants are settling down. Colonel Pilcher visited Ladybrand March 26. On leaving the town he was attacked by a party of the enemy, and one of his force was wounded and five are missing. During the skirmish north of the Modder river on March 25 five men were wounded. Three are reported to be missing. Captain Sloane-Stanley of the Sixteenth Lancers and five men of that regiment were taken prisoners."

Italy Would Mediate.
Rome, March 30.—After repeated consultations with Lord Curie, the British ambassador, the foreign office has cabled to the Italian consul at Pretoria that Italy will consent to mediate with a view of bringing about peace, if the Boer government will modify its demands. Whether any modifications in their demands were suggested to the Boer presidents or the matter was left entirely to their discretion the foreign office declines to say.

Funeral of Gen. Joubert.
Pretoria, March 30.—The funeral of Gen. Joubert was held here Thursday. The body will be placed in the general's private mausoleum at Rustfontein tomorrow. Floral tributes were sent to the funeral by British officers who are in prison here.

Harrison Sympathizes with Boers.
Indianapolis, Ind., March 30.—An accepted story here is that Gen. Harrison has expressed some blunt views on the Boer question and has written a friendly personal letter to Secretary Hay on the subject. Either in this letter, or in some other communication, he is credited with having said he hoped the Boers would "find some place on this green earth where they would have a right to live unmolested by the British. They have more than sacrificed their land and their homes, and 'moved on' to avoid British aggression."

Russia to Land Troops in Korea.
Kobe, March 30.—Russia has demanded permission to land troops near Masampo, twenty miles south of Chemulpo, Korea.
Paris, March 30.—Both Gaulois and Figaro express certain sympathy with Japan in her struggle with Russia. Though France is bound by treaty to Russia, the Japanese stand in friendly regard here, and the hope is expressed everywhere that she will not be compelled to measure her strength with Russia.

A. R. De Fluert, editor of the Journal Doylestown, Ohio, suffered for a number of years from rheumatism in his right shoulder and side. He says: "My right arm at times was entirely useless. I tried Chamberlain's Pain Balm, and was surprised to receive relief almost immediately. The Pain Balm has been a constant companion of mine ever since and it never fails." Skin Diseases

When the excretory organs fail to carry off the waste material from the system, there is an abnormal accumulation of effete matter which poisons and clogs the blood, and it becomes sour and acid. This poison is carried through the general circulation to all parts of the body, and upon reaching the skin surface there is a redness and eruption, and by certain peculiarities we recognize Eczema, Tetter, Acne, Salt Rheum, Psoriasis, Erysipelas and many other skin troubles, more or less severe. While the skin is the seat of irritation, the real disease is in the blood. Medicated lotions and powders may allay the itching and burning, but never cure, no matter how long and faithfully continued, and the condition is often aggravated and skin permanently injured by their use.

The disease is more than skin deep; the entire circulation is poisoned.

The many preparations of arsenic, mercury, potash, etc., not only do not cure skin diseases, but soon ruin the digestion and break down the constitution.

S. S. S., nature's own remedy, made of roots, herbs and barks, of great purifying and tonic properties, quickly and effectually cures blood and skin troubles, because it goes direct to the root of the disease and stimulates and restores normal, healthy action to the different organs, cleanses and enriches the blood, and thus relieves the system of all poisonous secretions. S. S. S. cures permanently because it leaves none of the original poison to reappear in the blood and cause a fresh attack.

Healthy blood is necessary to preserve that clear, smooth skin and beautiful complexion so much desired by all. S. S. S. can be relied upon with certainty to keep the blood in perfect order. It has been curing blood and skin diseases for half a century; no other medicine can show such a record.

S. S. S. contains no poisonous minerals—is purely vegetable and harmless. Our medical department is in charge of physicians of large experience in treating blood and skin diseases, who will take pleasure in aiding by their advice and direction all who desire it. Write fully and freely about your case; your letters are held in strictest confidence. We make no charge whatever for this service. Our book on Blood and Skin Diseases will be sent free upon application.

ELECTION NOTICE.

Office of County Clerk,
March 26th, 1900.

To the Electors of Rock County:

Notice is hereby given that a judicial election is to be held in the several towns, wards and election precincts in the County of Rock, on the 3rd day of April, 1900, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose names have been certified to this office, are given opposite the title of the office and under the appropriate party or other designation, each in its proper column, and the questions submitted to vote are stated below:

INFORMATION TO VOTERS.

The following instructions are given for the information and guidance of voters: A voter, upon entering the polling place and giving his name and residence, will receive a ballot from the ballot clerk, which must have indorsed thereon the names or initials of both ballot clerks, and no other can be used. Upon receiving his ballot the voter must retire alone to a booth or compartment, and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. The voter must make a cross-mark, X, under the name of each person he desires to vote for. If he wishes to vote for a person for a certain office whose name is not on the ballot, he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked, it should be folded so that the inside cannot be seen, but so that the printed indorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot can have assistance of one or two election officers in marking the same to be chosen by the voter; and if he declares that he is totally blind he may be assisted by any person chosen by him from among the legal voters of the county. The presiding officer may administer an oath in his discretion as to such person's disability. The party designations and candidates for the different offices are as follows:

TAYLOR TO BE ARRESTED.

Plans to Arrest Governor of Kentucky for Goebel Killing.

ASSURES ARMED COFLICT:

Dick Combs Is in Custody—Negro Who Is Alleged to Have Fired the Fatal Shot Is Made Prisoner on Another Charge.

Louisville, Ky., March 30.—There is much anxiety and excitement throughout Kentucky over a report, which has gained widespread circulation, that Gov. Wm. S. Taylor is to be arrested today on his way back to Frankfort, after the funeral of his sister, at Moretown, on the charge of having been a participant in the plot to assassinate Goebel. It is the general belief that such a step on the part of the Democrats would plunge the state into war. Detective Dee Armstrong, whose work on the case brought about nearly all the arrests made, was seen at his home in this city tonight, and asked if it was true that Taylor was to be placed in custody. "Not at this time," replied the detective. "I cannot say what will be done in the future, but the conditions prevailing in Kentucky just now are entirely too critical to attempt to arrest Mr. Taylor." Armstrong admitted later on that Gov. Taylor was marked for arrest, and it was said by one of the Democratic leaders that the governor would be taken into custody just after the gubernatorial suit has been decided.

Gatling Guns for Democrats. Frankfort, Ky., March 30.—In the County court Thursday morning the auditor's secretary, Henry E. Youtsey, charged with conspiring to murder William Goebel, was arraigned as a matter of form. No action was taken, owing to the absence of Youtsey's counsel. There is a well-authenticated report current that Gov. McMinn of Tennessee has offered to lend his claimant colleague, Beckham, three gatling guns and four field pieces belonging to the state of Tennessee, to be used by the newly organized Democratic militia of Kentucky, in the event of a clash between the Taylor and Beckham forces.

"Tallow Dick" Combs Arrested. Beattyville, Ky., March 30.—"Tallow Dick" Combs, the negro charged with having fired the shot that killed William Goebel, was arrested here Thursday afternoon as a ruse to get him before the Franklin county court, where he will be indicted for alleged participation in the plot to murder Mr. Goebel. The excitement over the arrest of Combs is intense, and it is said he will be released under habeas corpus proceedings. The town is filling up with armed mountaineers.

Another Negro Burned to Death. Columbia, S. C., March 30.—Sam Johnson, a negro, rushed from his house near Anderson Thursday night in his underclothing, which had been saturated with kerosene oil, a mass of flames. His shrieks could be heard a mile away. He ran down the road leading from his house until exhausted, and then fell in the road and died in a few minutes. So far as known there was no one with Johnson in his house. His wife had been taken away by her father the day before on account of maltreatment at the hands of her husband.

"Demon" Prisoner Attacks Warden. Columbus, Ohio, March 30.—When Warden Coffin visited the "demon's cage" Thursday the "demon," Ira Marlatt, became angry at the warden's commands and began cursing Coffin. The latter seized Guard Lefever's mace and struck Marlatt. The man, frenzied by the blow, seized the club and pommelled the warden repeatedly about the head, cutting an ugly gash. With the assistance of another prisoner the warden finally subdued the "demon" and locked him in his cell.

Bursting Camp Causes Harco. Carlyle, Ill., March 30.—Thursday evening the large water tank situated near the main building of the plant operated by the St. Louis Condensed Milk company, in Trenton, fell to the ground. The heavy timbers and over 20,000 gallons of water crashed through the west part of the structure, demolishing the roof, walls and a part of the machinery. It will require a month to repair the damage.

Threats in a Murder Trial. Canton, Ohio, March 30.—The case of William Henderson, on trial for murder in the first degree, will go to the hands of the jury on Friday. Much excitement was caused in court just after the noon adjournment Thursday, when the presiding judge announced he had been handed two letters received by two jurors in the case. The letters were anonymous, but were written in behalf of Henderson.

Horne Will Submit to Operation. Chicago, March 30.—James A. Horne, who is playing at the Grand opera house in "Sag Harbor," left for New York Thursday, where he will submit to a surgical operation for necrosis of the bone of his right foot. Mr. Horne's trouble is of long standing, and yesterday he was advised that an immediate operation would be the only means of relief.

Testimonials—

PROF. DENNIS—Ever since last fall I have been suffering with a badly inflamed liver and catarrh of the stomach and small intestines. At times I would be troubled with severe belching of gas and there was a great deal of pain through the region of the stomach and smaller intestines. I could find no relief until I commenced treating with Prof. Dennis. I am now greatly benefitted and gaining flesh right along. I am satisfied that the treatment which I received will reach any similar case.

LIQUOR AND TOBACCO HABIT CURED.

PROF. DENNIS—I do not touch liquor any more after using it for asthma for ten (10) years, and I never think about taking a chew of tobacco any more. Before taking your treatment I could not get along without it. But now I am glad to say I use no tobacco or liquor in and form and I can thank Prof. Dennis for it. You may use my statement anywhere or at any time.

SPRING STYLES

Have all arrived. We can show the most complete line of this year's make than any house in Janesville. In new leathers we have various kinds, such as Veleour, Ideal Kid, Tan Veleour, and many others. Now is the time to pick out your Spring Shoes. All lines are complete, every possible size.

We are making some splendid close prices to induce early buyers.

Tans at \$2 to \$5. Blacks at \$1 to 4. Patent Leathers, \$3.50 to \$5.00.

At \$3.00 we are selling a genuine welt, new handsome design, in light and dark shade tan, worth \$4.00; selling everywhere at \$3.50. Our price, \$3.00.

At \$3.50 we give you a full line of Willow calf, Russia calf and the new automobile red—made to retail at \$4, but here \$3.50.

At \$2.50 we are selling a choice selection of Tan and Black Vici, in the newest round toes, in several patterns, new nobby, and good wearers at \$2.50.

At \$2.00 we are particularly strong. We defy the city to compare our \$2.00 line; other stores might call them cheap at \$2.50; we are making them move at \$2.00.

We want your shoe business; we want it bad; that's the reason we make those prices.

It is Most Essential...

In the purchase of a pair of high grade Shoes to know the "reputation" and "reliability" of the makers and the firm of whom you purchase. When the name of

Stacy, Adams & Co.

Is on the straps of the Shoe you may know that it stands for

The highest
grade of work-
manship and
the best quality
of leather.

We have always sold this Shoe and the people know from experience the wearing quality of this Shoe. We sell twice as many pairs each season as all the rest of "so-called" high grade Shoes. This is the reason we are enabled to carry such a large assortment for your selection. You cannot find this make in "Bankrupt" or "cheap stocks", but sold only by us. Price always

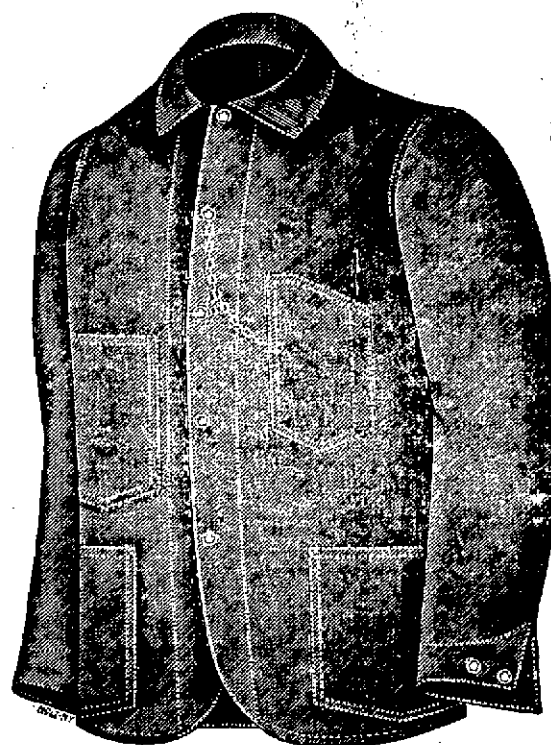

\$5.00.

The Two Leaders in Spring Styles.

For men are Hanan's and the Regent. The Hanan shoe is as always—the best fitting and most original in last designing. No one questions that. They are the "Best on Earth". There are lots of other makes good enough in themselves, but when it comes to comparison, at the same price, well they isn't any. This season we are showing three distinctly new lasts in this unequalled

line—The Admiral, the Military and the London. We can't show you any thing in our stock but new, crisp and snappy styles, gauged to suit the ever varying demand of the hour. We don't pretend to "carry" the biggest stock. We haven't time. We just "buy" and sell the newest.

About the REGENT. Notwithstanding the increased cost to manufacture this new popular shoe comes to us from the factory better and slicker than ever. You can't go where you will—at \$3.50 you can't better yourself in either grade, style, fit, or shoemaking, and as to variety just drop in and we will astonish you at this price. A big range at all the popular prices. Our repair department is in charge of Nels SELGREN. Our Free Shine stand ready at all hours.

Many of our customers are buying half a dozen sacks at a time while the price is low. They know the quality is all right and that 85 cents is a bargain price. Every sack is guaranteed to give satisfaction.
